400 Cabinet

Tech's Catalog Number 400 Cabinet is designed to professionally organize and store tire service products required by tire service technicians. The 400 Cabinet can store all your Tech tube repairs, Centech radial repairs, Uni-Seals, Stems, Rub-O-Matic and Tech Vulcanizing Fluid. Two bottom drawers can be used for tubeless valves, air fittings, TPMS products, valve cores, valve tools and many additional hand tools.

The new 400 cabinet features include:

- Taller, deeper, and wider shelves than the previous 400 Cabinet
- 2 Large drawers with dividers, ideal for valve hardware and small tool storage
- Dual shelf storage in each door
- Heavy duty steel construction
- Holes predrilled for easy wall mounting
- Organize your tire repair area
- Professional look for professional service

The 400 Cabinet provides a great way to both organize and control your Tech products.
